1 Overview

1.1 Scope

The objective of this manual is to help customs user use the CEIR (Central Equipment Identity Register) application to clear consignments, raise confiscated stock requests, collect tax for register devices and report grievances.

1.2 Acronyms & Abbreviations

Acronym	Full Form
CEIR	Central Equipment Identity Register
IMEI	International Mobile Equipment Identity
PDA	Personal Digital Assistant
TAC	Type Allocation Code
TRC	Telecommunication Regulator of Cambodia

1.3 Conventions

Information	Convention
UI elements (such as names of windows, buttons, and fields)	Bold
References (such as names of files, sections, paths, and parameters)	<i>Italics</i>
*	Indicates a mandatory field or column

2 Custom Operations

2.1 Application Overview

The CEIR (Central Equipment Identity Register) Custom Portal application is used to collect tax for SIM-based devices that are imported in Cambodia. Registration of all the imported devices ensures proper tax is paid to the customs before the devices are made available for sale in the market. In addition, registration helps in tracking device movement and prevents their misuse or theft.

After purchasing devices from suppliers, the importers register necessary information about the devices and suppliers in the system. The registered information is reviewed and approved by the CEIR Admin and subsequently shared with the customs for clearance. When the physical consignment of the devices is received at the customs premises, the importers go and pay the required tax and collect the consignment. After the taxes are paid, the consignment is made available to distributors and retailers for sale in the market.

Customs perform the following tasks:

- Clear imported device consignments
- Upload stock (if the devices is not collected by importer within the stipulated time)
- Register devices and collect tax from end user.
- Report grievances

2.2 Logging into the Application

Before login, the custom must register in the application.

To register:

1. Enter the CEIR Home Portal URL in the browser address bar. This opens the CEIR Home Portal page.

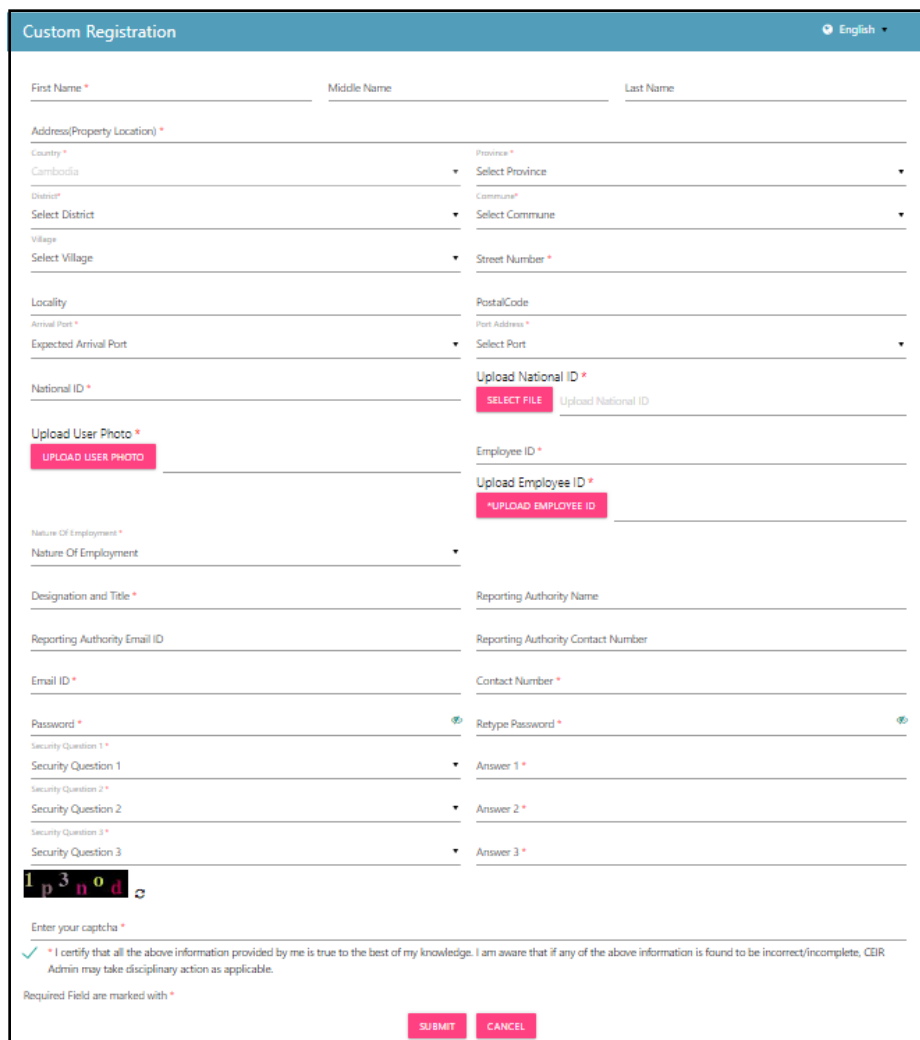

Figure 1: CEIR Home Page

2. Select **Custom** from the **Registration** list.

The **Custom Registration** page appears. The importer needs to fill in the following information.

The screenshot shows the 'Custom Registration' form with the following fields and sections:

- First Name ***, **Middle Name**, **Last Name**
- Address(Property Location) ***
 - Country *** (Dropdown: Cambodia)
 - Province *** (Dropdown: Select Province)
 - District *** (Dropdown: Select District)
 - Commune *** (Dropdown: Select Commune)
 - Village** (Dropdown: Select Village)
 - Street Number ***
- Locality**
- Arrival Port *** (Dropdown: Select Port)
- Expected Arrival Port**
- National ID ***
- Upload National ID *** (SELECT FILE button, Upload National ID text)
- Upload User Photo *** (UPLOAD USER PHOTO button)
- Employee ID ***
- Upload Employee ID *** (UPLOAD EMPLOYEE ID button)
- Nature Of Employment *** (Dropdown: Nature Of Employment)
- Designation and Title ***
- Reporting Authority Name**
- Reporting Authority Email ID**
- Reporting Authority Contact Number**
- Email ID ***
- Contact Number ***
- Password *** (with eye icon)
- Retype Password *** (with eye icon)
- Security Question 1 *** (Dropdown: Answer 1)
- Security Question 2 *** (Dropdown: Answer 2)
- Security Question 3 *** (Dropdown: Answer 3)
- Enter your captcha *** (Image: 1 p 3 n o d)
- Terms and Conditions:**
 - ☒ I certify that all the above information provided by me is true to the best of my knowledge. I am aware that if any of the above information is found to be incorrect/incomplete, CEIR Admin may take disciplinary action as applicable.
- Required Field are marked with ***
- SUBMIT** and **CANCEL** buttons

Figure 2: Custom Registration

3. ***First Name:** Enter the first name.
4. **Middle Name:** Enter the middle name (if any).
5. **Last Name:** Enter the last name.
6. ***Address:** Enter the custom's address:
 - a. ***Street Number**
 - b. Village
 - c. Locality
 - d. ***District**

- e. ***Commune**
 - f. ***Province**
 - g. ***Country**
7. ***Arrival Port:** Select the arrival port from the list (Land, Water, Air).
8. ***Port Address:** Select the port address from the list
9. ***National ID:** Enter the national ID of the agency personnel.
10. ***Upload National ID:** Upload the image of the original national ID of the personnel.
This can be a pdf or image (.jpeg) of size not more than 2 MB.
11. ***Upload Photo:** Upload the photograph of the personnel. The photograph can be a pdf or image (.jpeg) of size not more than 2 MB.
12. ***Employee ID:** Enter the employee ID.
13. ***Upload Employee ID Card:** Upload the image of the Employee ID card. The photograph can be a pdf or image (.jpeg) of size not more than 2 MB.
14. ***Nature of Employment:** Select the type of employment of the personnel:
- a. Permanent
 - b. Temporary
 - c. Contract
15. ***Designation and Title:** Enter the designation of the agency personnel.
16. **Reporting Authority Name:** Enter the name of the officer to whom the personnel reports to.
17. **Reporting Authority Email ID:** Enter the mail ID of the officer to whom the personnel reports to.
18. **Reporting Authority Contact Number:** Enter the contact number of the officer to whom the personnel reports to.
19. ***Email ID:** Enter the mail ID of the personnel. This mail ID would be used for communication
20. ***Contact Number:** Enter the mobile number of the personnel. The agency would receive notifications at this mobile number.
21. ***Password:** Enter a login password. This is the password that would be used to log into the CEIR Importer Portal application.

22. ***Confirm Password:** Re-enter the password for confirmation.
23. ***Select three security questions and enter an answer for each question.** This is required by the system when the importer forgets the password. In such a situation, the system requires identification to authenticate the importer. These security questions are used for authentication of the importer.
24. ***Enter the captcha shown on the page.** This is required to prove that the importer is not a robot.
25. ***Select the declaration check box.**
26. Click **SUBMIT**.

An OTP is sent to the custom's mail ID and contact number.

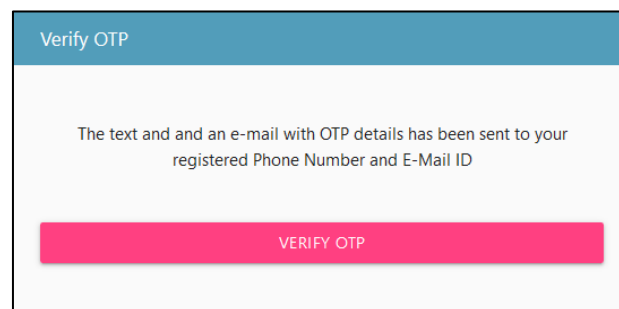

Figure 3: Verify OTP

The custom is prompted to enter both the OTPs in the page for verification.

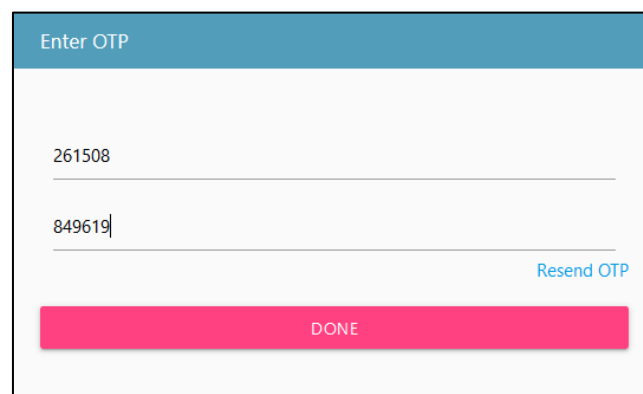

Figure 4: Enter OTP

Enter the two OTPs and click **Done**.

If the two OTPs match, the following message appears. If the OTPs do not match, click **Resend OTP**. The two OTPs are resent, one to the contact number and the other to the mail account.

After the OTPs are verified successfully, the registration request is sent to the CEIR Admin. The approval turnaround time is 2-3 days. After approval from the CEIR Admin, a mail containing the custom's registration ID is sent to the custom's mail account. This registration ID is a unique automatically generated ID. This ID is the login username for access to the CEIR Custom Portal application.

To start using the application, log into the application.

To login:

1. Open the browser and enter the CEIR Custom Portal URL in the address bar. The login screen appears.

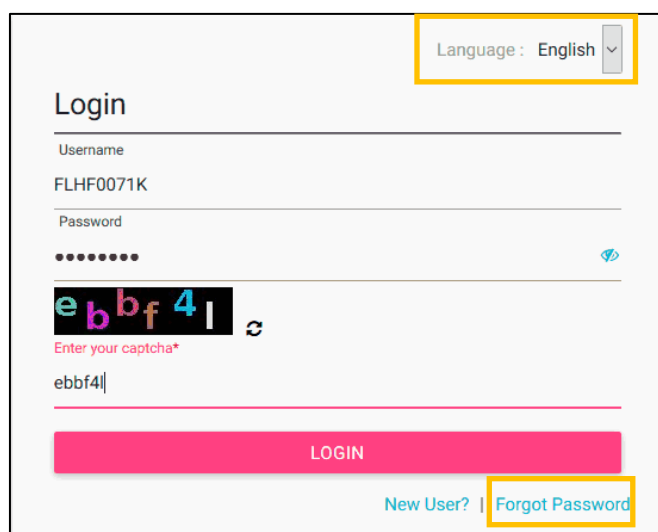

Figure 5: Login

On the top right corner of the login screen is the **Language** option. The application supports two languages: **English** and **Khmer**. On selecting a given language, all the field and column labels in the application appear in the selected language. All user inputs are, however, in English.

2. Next, enter the assigned login username and password.

Username is the registration ID that is sent on mail to the custom after successful registration in the system. The registration ID is a unique ID that is automatically generated by the system. The login password is the password that the custom enters in the registration page. Refer to during *Figure 2: Custom Registration*.

3. Enter the captcha.

4. Click **LOGIN**.

If the login and password are incorrect or the captcha is not correct, an error message appears, and you are prompted to re-enter the login details.

On entering correct information, the application home page appears.

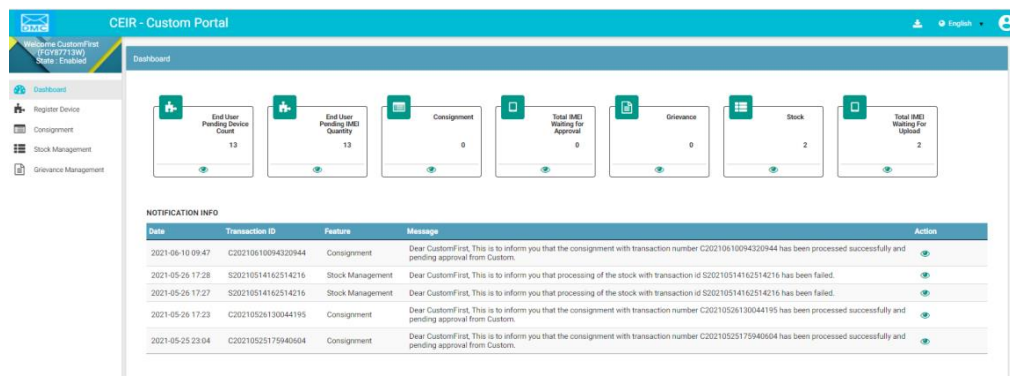

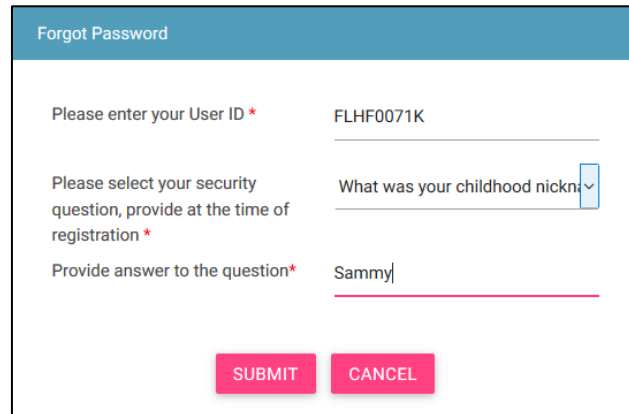

Figure 6: Home Page

If the custom forgets the assigned password, click the **Forgot Password** link on the **Login** page. The **Forgot Password** page appears.

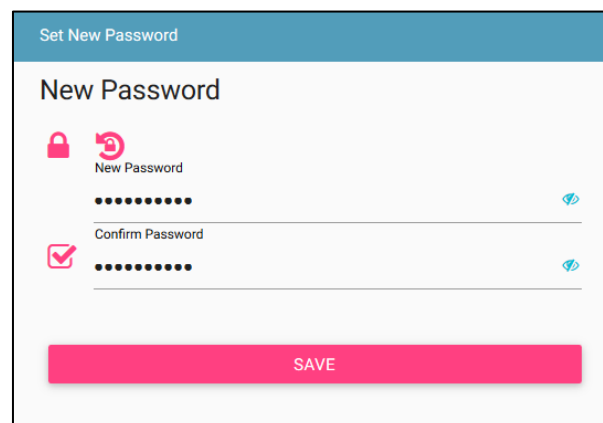

The 'Forgot Password' form has a blue header bar with the text 'Forgot Password'. Below the header, there are three input fields. The first field is labeled 'Please enter your User ID *' and contains the text 'FLHF0071K'. The second field is labeled 'Please select your security question, provide at the time of registration *' and is a dropdown menu showing 'What was your childhood nickname'. The third field is labeled 'Provide answer to the question*' and contains the text 'Sammy'. At the bottom of the form are two pink buttons: 'SUBMIT' and 'CANCEL'.

Figure 7: Forgot Password

1. Enter the login username.
2. Select a security question from the list. Select any one of the security questions that were selected during registration.
3. Enter the answer to the selected security question. This should match the answer given at the time of registration.
4. Click **SUBMIT**.

The **Set New Password** page appears.

The 'Set New Password' form has a blue header bar with the text 'Set New Password'. Below the header, the title 'New Password' is displayed. There are two input fields. The first field is labeled 'New Password' and has a lock icon to its left and a toggle icon to its right. The second field is labeled 'Confirm Password' and has a checkmark icon to its left and a toggle icon to its right. At the bottom of the form is a large pink button labeled 'SAVE'.

Figure 8: Set New Password

5. Enter a new password. Click  to see the password characters being entered. Click on it again to hide the password characters. This works like a toggle key.
6. Re-enter the password.
7. Click **Save**.

2.3 Application User Interface

On logging into the application successfully, the CEIR Custom Portal Home page appears.

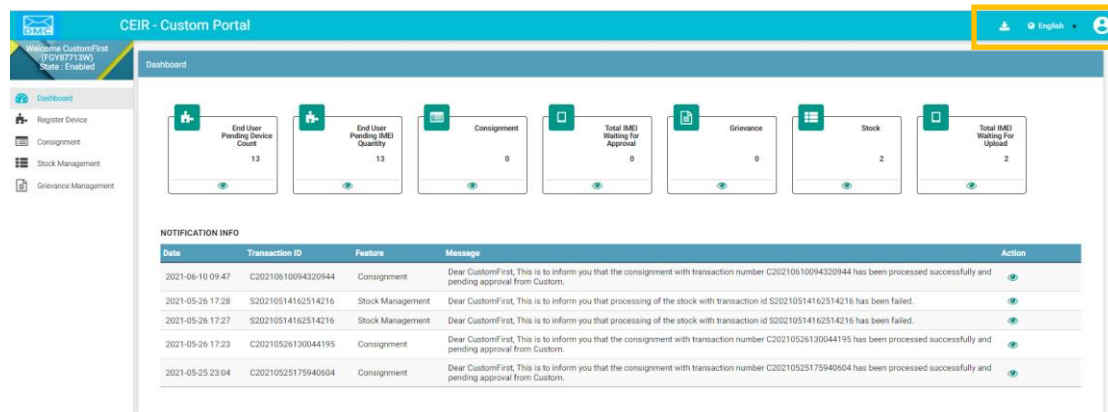

Figure 9: Home Page

The Home page has all the feature menus on the left panel.

The center of the page is the Dashboard.

The top right corner of the screen displays the following menu options:

- **Download:** Click to download this user manual.
- **English:** Select **English** or **Khmer**. All the field and column labels appear in the selected language. User inputs are, however, in English.

-  (**User profile**): Click on it to see the following menu:

-  (**Edit Info**): Click on it to modify the registered information. The **Edit Information** page opens.

Resend OTP

DONE

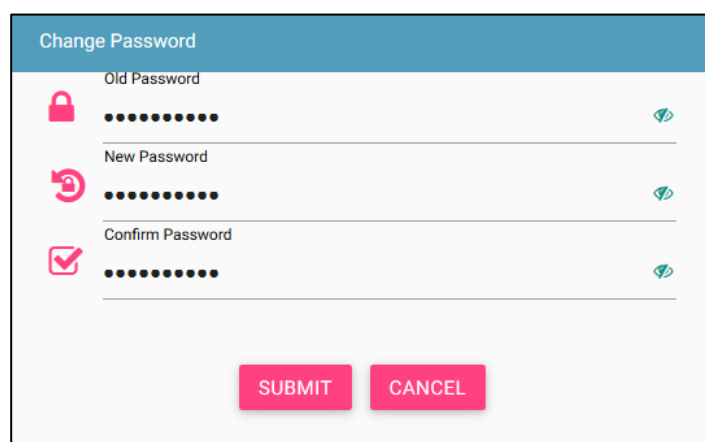

Figure 13: Verify OTP

Enter the two OTPs and click **Done**.

If the two OTPs match, the following message appears. If the OTPs do not match, click **Resend OTP**. The two OTPs are resent, one to the contact number and the other to the mail account.

After the OTPs are verified successfully, user profile is updated.

-  (**Change Password**): Click on it change the login password.

Change Password

Old Password

New Password

Confirm Password

SUBMIT CANCEL

Figure 14: Change Password

1. **Old Password:** Enter the existing password. Click  to see the password characters being entered. Click on it again to hide the password characters. This works like a toggle key.
 2. **New Password:** Enter a new password.
 3. **Confirm Password:** Re-enter the new password to confirm the password.
 4. Click **SUBMIT**.
-  **(Enable/Disable Account):** Customs can deactivate their account or disable/enable their account.
 - Deactivating an account means deleting the custom's account. Once the custom's account is deleted, the custom can raise a grievance to reactivate it when required. The grievance is sent to the CEIR Admin who reactivates the account. After reactivation, the custom can use the same login username and password to log into the application.
 - When the account is disabled, customs can only view information and not add or modify information in the application. After the account is disabled, the custom can enable it using the same menu.

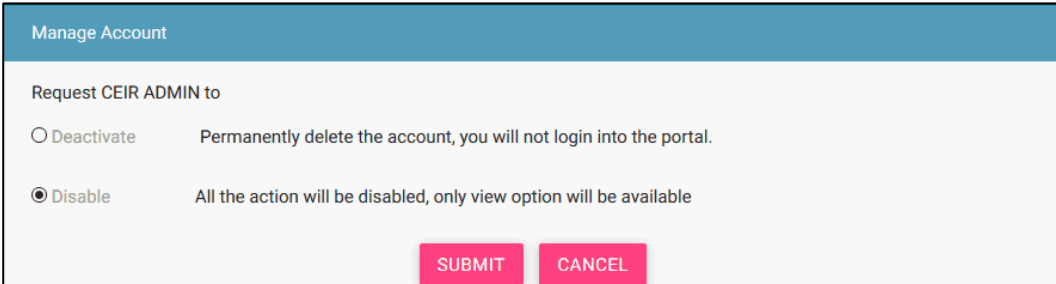

Figure 15: Manage Account

1. Select **Deactivate** or **Disable**.
2. Click **SUBMIT**.

2.3.1 Dashboard

The Dashboard provides a quick display and access to the following information:

- Consignments
- Stock

- Register Devices
- Grievances

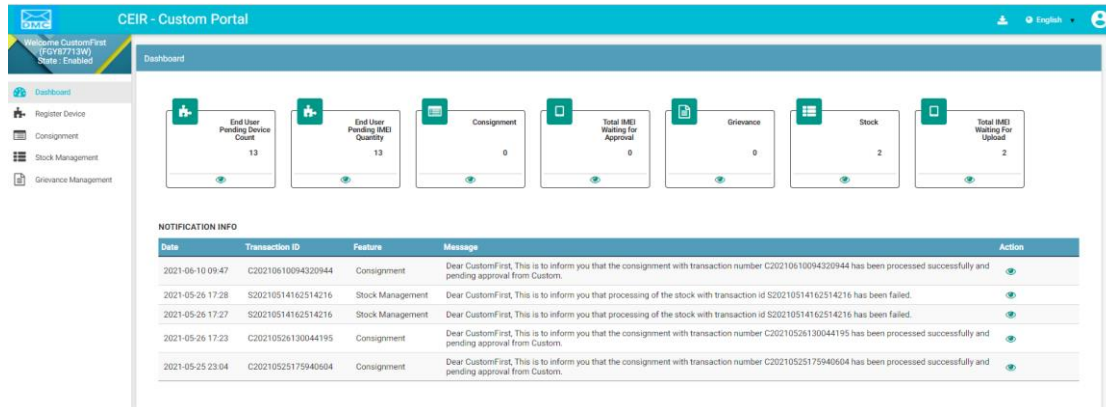

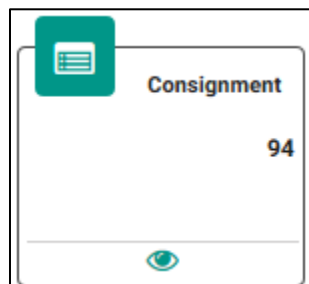

Figure 16: Home Page

Consignments

The **Consignment** box displays the total number of consignments waiting to be cleared by the customs.

Click (**View**) to go to the **Consignment** dashboard. Refer to *Consignment Management* for more information.

Figure 17: Consignment

Total IMEI waiting for approval

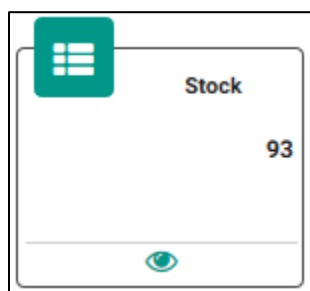

This box displays the total number of devices (IMEIs in the consignments) waiting to be cleared by the customs.

Click (**View**) to access the **Consignment** dashboard. Refer to *Consignment Management* for more information.

Stock

The stock box displays the total number stock entries pending approval.

Click (**View**) to access the **Stock Management** dashboard. Refer to *Stock Management* for more information.

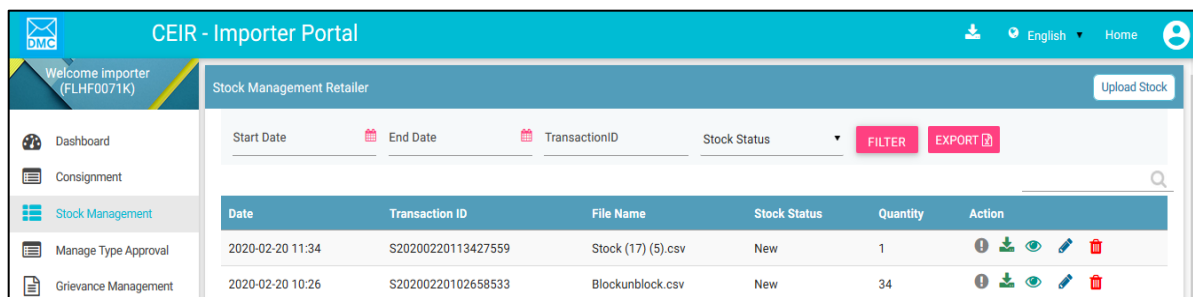

Figure 18: Stock Management

Total Devices Waiting for Upload

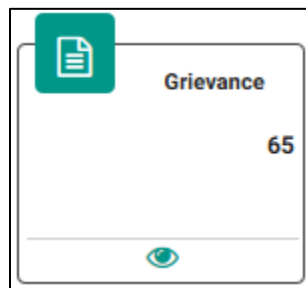

The box displays the total number of devices (IMEIs in stock) pending for upload.

Click  (**View**) to access the **Stock Management** dashboard. Refer to *Stock Management* for more information.

Grievances

The box displays the total number of grievances that are open.

Click  (**View**) to access the **Grievance Management** dashboard. Refer to *Grievance Management* for more information.

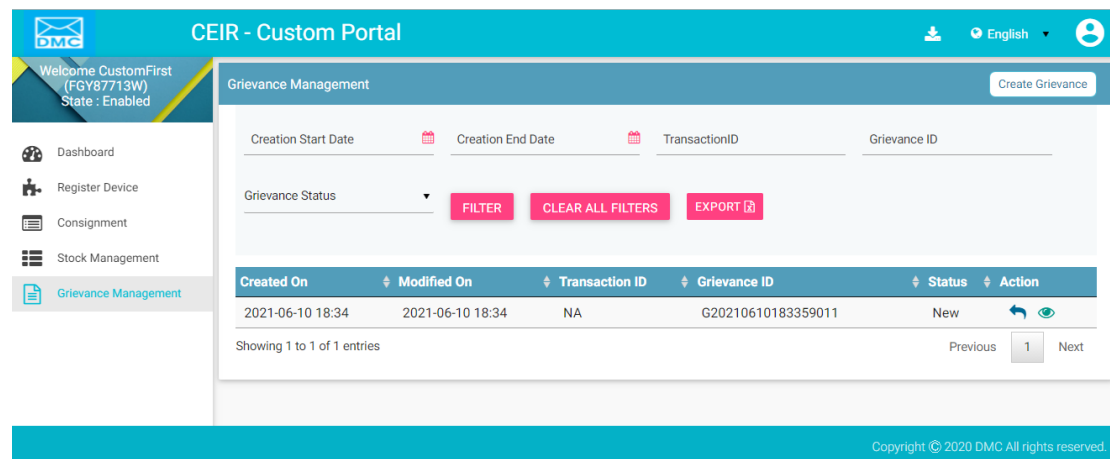

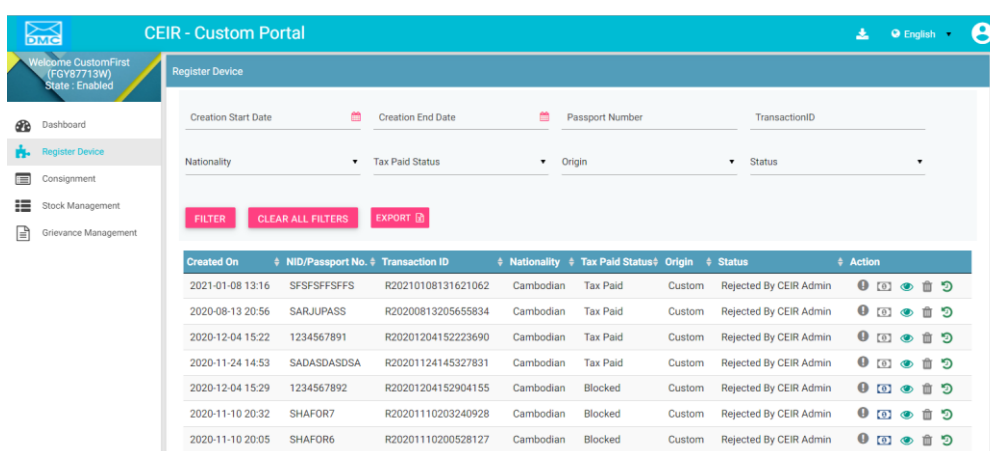

Figure 19: Grievance Management

End User Pending Device Count

The box displays the total number of end user device requests that are pending for approval.

Click  (**View**) to access the **Register Device** dashboard. Refer to *Register Device* for more information.

The screenshot shows the 'Register Device' dashboard in the CEIR - Custom Portal. The dashboard includes a sidebar with navigation links: Dashboard, Register Device (selected), Consignment, Stock Management, and Grievance Management. The main content area displays a table of registered devices with columns for Created On, NID/Passport No., Transaction ID, Nationality, Tax Paid Status, Origin, Status, and Action. The table contains 8 rows of data, all showing 'Rejected By CEIR Admin' status. Below the table are buttons for FILTER, CLEAR ALL FILTERS, and EXPORT.

Click  (**View**) to access the **Register Device** dashboard. Refer to *Register Device* for more information.

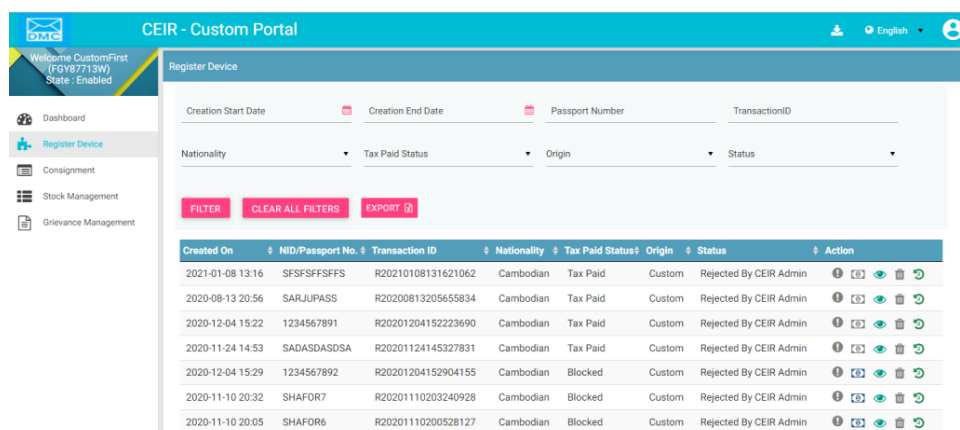

Figure 21: Register Device

Notification Information

This section displays the most recent notifications. System Admin can configure the number of notifications that are displayed on user dashboard.

NOTIFICATION INFO				
Date	Transaction ID	Feature	Message	Action
2021-06-10 18:34	G20210610183359011	Grievance	Dear CustomFirst, This is to inform you that a new grievance with grievance number G20210610183359011 has been registered.	
2021-06-10 09:47	C20210610094320944	Consignment	Dear CustomFirst, This is to inform you that the consignment with transaction number C20210610094320944 has been processed successfully and pending approval from Custom.	
2021-05-26 17:28	S20210514162514216	Stock Management	Dear CustomFirst, This is to inform you that processing of the stock with transaction id S20210514162514216 has been failed.	
2021-05-26 17:27	S20210514162514216	Stock Management	Dear CustomFirst, This is to inform you that processing of the stock with transaction id S20210514162514216 has been failed.	
2021-05-26 17:23	C20210526130044195	Consignment	Dear CustomFirst, This is to inform you that the consignment with transaction number C20210526130044195 has been processed successfully and pending approval from Custom.	

Figure 22: Home Page

Notifications are of two types.

1. Notifications that provide only information. For example, a notification informing the custom about the account status is an information only notification because it requires no action. The **View** icon () is disabled in such notifications.

2020-07-31 01:49	IVJF2018B	Registration Request	Dear CustomFourth, This is to inform you that the registration for user ID IVJF2018B has been processed successfully.	
------------------	-----------	----------------------	---	--

2. Notifications that require some action by the custom. For example, a notification about the consignment approval by the CEIR Admin and need clearance from customs. The **View** icon () is enabled in such notifications. Click **(View)** to access the relevant page of the notification.

The notification panel has the following columns:

- **Date:** Date of sending the notification
- **Transaction ID:** Transaction ID of the consignment or stock or grievance or register device request for which the notification is sent. If the notification is related to the custom account, the login username is shown instead of any transaction ID.
- **Feature:** This is the name of the feature for which the notification is sent. For example, if the notification is for a consignment, the feature name **Consignment** is shown. If the notification is concerning a stock transaction, the feature name **Stock Management** is shown. The feature name is the one shown in the left panel of the Home page.
- **Message:** This is the message of the notification. An example is shown below.

Dear CustomFourth, This is to inform you that the registration for user ID IVJF2018B has been processed successfully.

- **Action:** This shows the **View** icon. It is activated  if the custom can click on it else it is disabled .

2.4 Consignments

Importers purchase consignments from suppliers. After a consignment is ordered, the importer must register the imported consignment in the application.

The flow of information in the consignment lifecycle is as follows:

1. After ordering a consignment from a supplier, the importer registers the consignment and supplier information in the system.
2. The system validates the information.
3. If the system rejects it, the information is available to importers for correction and the above flow is repeated.
4. On successful validation, the CEIR Admin reviews the information for completeness and accuracy.
5. If the CEIR Admin rejects it, the information is available to importers for correction and the above flow is repeated.
6. After it is approved by the CEIR Admin, it is shared with the customs for clearance.

7. If the customs reject the consignment, the information is available to importers for correction and the above flow is repeated.
8. After the physical consignment arrives at the customs premises, the importer goes to the customs office and pays the required tax. Customs clear the consignment and hands it over to the importer. The consignment is now ready for sale in the market.

Note: In case the importer raises a consignment, with TAC information which is not approved with TAC authority using Manage Type approval Feature, the custom officer will approve the consignment only after validating a valid TAC certificate for the same.

To clear consignments in the application:

1. Select the **Consignment** menu in the left panel of the application Home page.

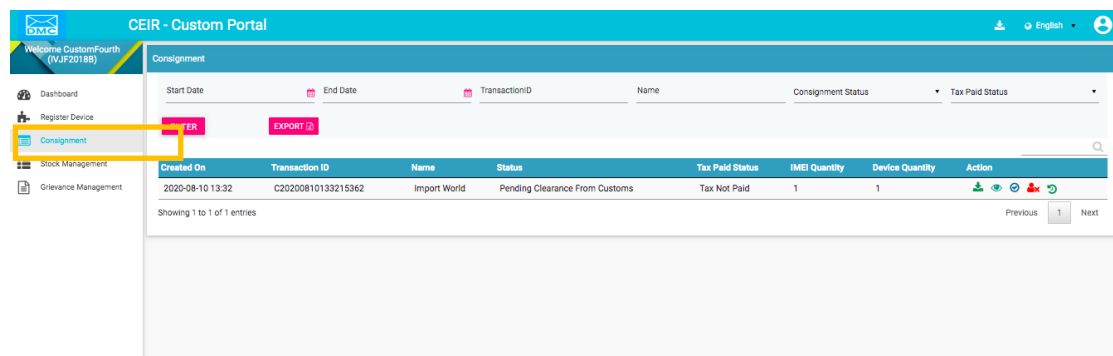

Figure 23: Consignment Page

For each consignment uploaded, the dashboard displays the following information:

Column	Description
Creation Date	Date of registering the consignment in the system.
Transaction ID	This is an automatically generated ID that is assigned to the consignment when it is registered.
Name	Name of the importer.
Status	The registered consignment goes through different status modes. <ul style="list-style-type: none">• Pending Clearance from Customs: After the consignment is approved by the CEIR Admin,

Column	Description
	<p>the consignment is available for clearance by the customs.</p> <ul style="list-style-type: none">• Approved: When the customs clear the consignment, the status changes to Approved.• Rejected by Customs: When the customs do not clear the consignment, the status changes to Rejected. The importer can view the file and fix the errors in the consignment.
Tax Paid Status	Indicates whether tax has been paid or not. The status changes to Tax Paid when the customs clear the consignment.
IMEI Quantity	This is the number of IMEIs in the consignment.
Device Quantity	This is the number of devices in the consignment.
Action	<p>This displays different actions that can be performed on the consignment.</p> <ul style="list-style-type: none">• Download : This is used to take a dump of the consignment file that is uploaded to the system• View : This is used to view the request details.• Approve : This is used to approve the request.• Reject : This is used to reject the request.• History : This is used to view the history of this request.

On view of the consignment details, following information is displayed

1. Enter the following information:
 - a. **Supplier/Manufacturer ID:** The supplier or manufacturer ID from whom the importer has purchased the consignment.
 - b. **Supplier/Manufacturer Name:** The supplier's name.
 - c. **Consignment Number:** The consignment number.
 - d. **Expected Dispatch Date:** The date by when the consignment would be dispatched by the supplier.
 - e. **Device Origination Country:** The country from where the consignment is being sent.
 - f. **Expected Arrival Date:** The date by when the consignment would reach the customs premises.
 - g. **IMEI Quantity:** The number of IMEIs in the consignment.
 - h. **Device Quantity:** The number of unique devices in the consignment.
 - i. **Total Price:** The total price of the consignment.
 - j. **Currency:** The currency
 - k. **Expected Arrival Port:** Denotes if the consignment is being sent by air, land, or sea.
 - l. **Port Address:** Address of the port where consignment is being sent.
 - m. **Upload Bulk Devices Information:** Enter the consignment details in a file. This is a **.csv** file with defined column names. You need to enter device information under each column.

 - **Device ID type:** Type can be IMEI.
 - **Multiple SIM Status:** Number of SIM slots the device supports (1-4)
 - **S/N of Device:** Device serial number
 - **IMEI:** Value of IMEI
 - **Device launch date:** Launch date or manufacturing date of the device (in the format, DDMMYYYY).
 - **Device status:** Whether the device is new or used (New/Used)
- n. Sample file with information in each column for each item is as follows:

	A	B	C	D	E	F	G
1	DEVICETYPE	DeviceIdType	MultipleSIMStatus	S/NofDevice	IMEI	DeviceLaunchdate	DeviceStatus
2	Handheld	IMEI	4	34562	999339988776608	22-05-2020	New
3	Handheld	IMEI	4	34562	999339988776609	22-05-2020	New
4	Handheld	IMEI	1	98126	999339988776610	22-05-2020	New
5	Handheld	IMEI	4	34562	999339988776611	22-05-2020	New
6	Handheld	IMEI	1	34523	999339988776612	22-05-2020	New
7	Handheld	IMEI	4	34562	999339988776613	22-05-2020	New
8	Handheld	IMEI	1	98126	999339988776614	22-05-2020	New
9	Handheld	IMEI	1	34523	999339988776615	22-05-2020	New
10	Handheld	IMEI	1	98126	999339988776616	22-05-2020	New

To reject the consignment, the custom can reject the consignment. While rejecting the consignment, the custom should enter the remarks

Figure 25: Reject Consignment Page

2.5 Approve Consignments

Customs can approve the uploaded consignment. This is done when the importer has paid the tax amount to the custom.

To approve a consignment:

1. Click **Approve** () against the consignment to be modified.

Figure 26: Consignment

2. Make the required changes
3. Click **UPDATE**.

The check box is shown in case the importer has not submitted the device document in the CEIR system before uploading the consignment. In such cases, the CEIR system expects custom to validate the document before approving the consignment

The status of the consignment changes to **Approved** and is submitted for reprocessing.

2.6 Filter Consignments

Custom can view specific consignments after selecting the required filters. For example, custom can view consignments between specific dates by entering the start / end date.

To view specific consignments based on filters:

Created On	Transaction ID	Name	Status	Tax Paid Status	IMEI Quantity	Device Quantity	Action
2021-06-10 09:43	C20210610094320944	Pvt Ltd	Pending Clearance From Customs	Tax Not Paid	1	1	   

Figure 27: Consignment

1. Enter data in one or more of the listed fields:
 - **Start Date** and **End Date**: This refers to the registering date of consignments in the system.
 - **Transaction ID**: Each consignment is assigned a unique transaction ID. Custom can view a specific consignment by entering its transaction ID.
 - **Name**: Name of the importer
 - **Consignment Status**: This refers to the status of the consignment
 - **Tax Paid Status**: This indicates whether tax is paid for the consignment. Custom can view selective consignments.
 - **IMEI Quantity**: number of IMEIs in the consignment
 - **Device Quantity**: number of devices in the consignment
2. Click **FILTER**.

The consignments that match the filter values are shown in the dashboard.

The screenshot shows the 'Consignment' page with a filter section at the top and a table of records below. The filter section includes fields for 'Creation Start Date', 'Creation End Date', 'TransactionID', and 'Supplier Name'. Below these are dropdowns for 'Status' and 'Tax Paid Status', and input fields for 'IMEI Quantity' and 'Device Quantity'. There are buttons for 'FILTER', 'CLEAR ALL FILTERS', and 'EXPORT (0)'. The table below has columns: 'Created On', 'Transaction ID', 'Supplier Name', 'Status', 'Tax Paid Status', 'IMEI Quantity', 'Device Quantity', and 'Action'. The table contains four rows of data, all with a status of 'Rejected By System' and 'Tax Not Paid'.

Created On	Transaction ID	Supplier Name	Status	Tax Paid Status	IMEI Quantity	Device Quantity	Action
2021-05-26 12:57	C20210526125723036	fsdfewiueioruew	Rejected By System	Tax Not Paid	1	1	[Icons]

Figure 28: Filtered Consignment

The user can clear all filters using the “Clear All Filters” button. This will reset all the filter values applied on the page and the data table is refreshed.

2.7 Sorting Consignments

By default, all records displayed are sorted based on modified date. User can sort the records as per his convenience by clicking the arrow button on header in the table displayed.

On first click, the records are sorted in ascending order. When user clicks the arrow buttons again, records are sorted in descending order.

The screenshot is similar to Figure 28, but the 'Created On' header in the table is highlighted with a yellow box. This indicates that the user can click on this header to sort the records by creation date.

Created On	Transaction ID	Supplier Name	Status	Tax Paid Status	IMEI Quantity	Device Quantity	Action
2021-05-26 12:57	C20210526125723036	fsdfewiueioruew	Rejected By System	Tax Not Paid	1	1	[Icons]
2021-05-26 09:26	C20210526092602190	gldsggdgdf	Rejected By System	Tax Not Paid	1	1	[Icons]

Figure 29: Sort Consignment

2.8 Export Consignments

Customs can download all the uploaded consignments in a .csv file. This is done using an export utility.

To export the uploaded consignments:

1. Click **Export** (seen on the top right corner of the **Consignment** page).

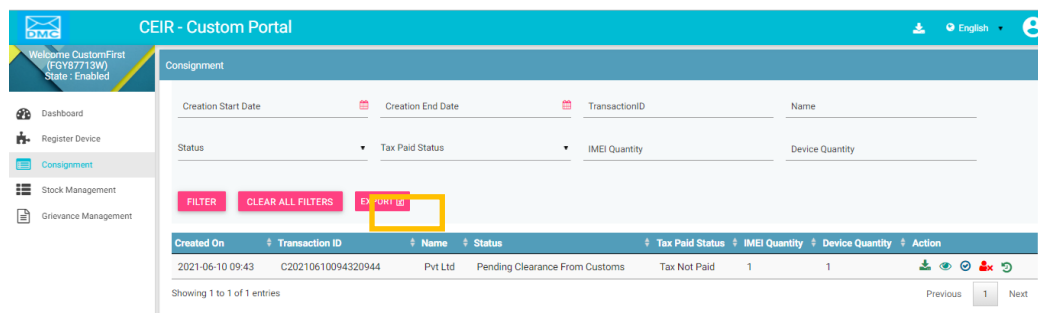

Figure 30: Consignment

The following page appears.

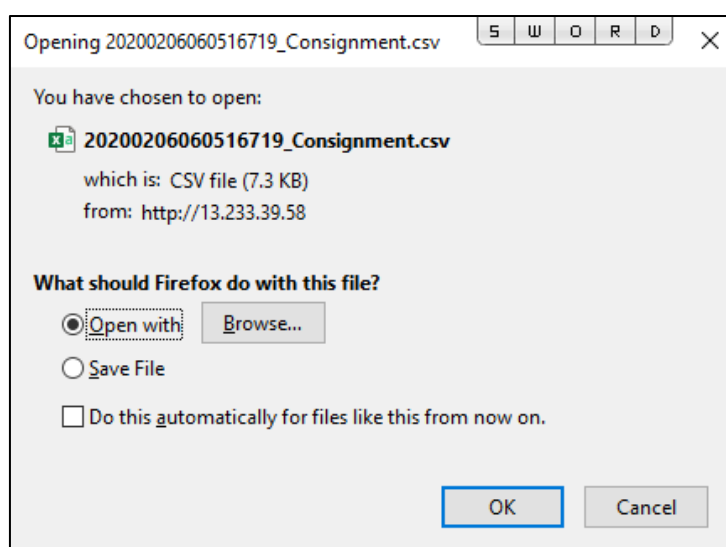

Figure 31: Open or Save Exported Consignment File

2. Click **Open with** to view the .csv as an Excel file.

	A	B	C	D	E	F	G	H	I
1	Modified On	Created On	Transaction ID	Name	Status	Tax Paid Status	IMEI/MEID Quantity	Device Quantity	File Name
2	10-06-2021 23:08	10-06-2021 09:43	C20210610094320944	Pvt Ltd	Pending Clearance From Customs	Tax Not Paid	1	1	1 con_1_blk.csv
3	10-06-2021 09:35	26-05-2021 13:00	C20210526130044195	Pvt Ltd	Approved	Tax Paid	1	1	1 con_1_req.csv
4	25-05-2021 23:06	25-05-2021 17:59	C20210525175940604	Pvt Ltd	Approved	Tax Paid	1	1	1 con_1_blk.csv

Figure 32: Exported Consignments

Filtered data can also be exported. To do this, filter specific data by defining specific filter values. Refer to *Filter Consignments* for information and then use the export feature to export the filtered data.

2.9 Stock Management

In case the importer does not pay tax for the consignment, stock is made available for sale in the market by customs. Custom can auction the devices and can sale the stock to existing distributors/retailer in the market.

To upload stock:

1. Select **Stock Management** in the left panel.

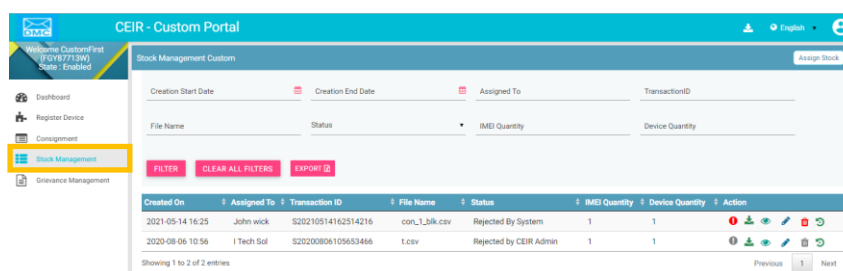

Figure 33: Stock Management Page

2. Click **Assign Stock**.

The **Assign Stock** page appears.

Figure 34: Assign Stock

3. Enter the following information:
 - a. **Assigned ID:** Enter the assignee ID.
 - b. ***Assignee Name:** Enter the supplier name.
 - c. ***IMEI Quantity:** Enter the total quantity of IMEIs.
 - d. ***Device Quantity:** Enter the total quantity of devices.
 - e. **Invoice Number:** Enter the invoice number.

- f. ***Upload Bulk Stock:** Enter the IMEI details in a file. This is a **.csv** file with defined column names. You need to enter device information in this file. First, download the file format, if required.

- g. Click **Download Sample Format**.

	A	B	C	D	E	F	G
1	DeviceType	DeviceIdType	MultipleSIMStatus	S/NofDevice	IMEI	DeviceLaunchdate	DeviceStatus
2							
3							

The file has the following columns:

- ***Device type:** The device can be a handheld phone, mobile phone, feature phone, smart phone, Vehicle, Portable (include PDA), Module, Dongle, WLAN router, modem, connected computer, tablet, e- Book.
 - ***Device ID type:** Type can be IMEI (International Mobile Equipment Identity)
 - ***Multiple SIM Status:** Number of multiple SIMs the device supports (1-4)
 - ***S/N of Device:** Device serial number
 - ***IMEI:** Value of IMEI
 - **Device launch date:** Launch date or manufacture date of the device (in the format, DDMMYYYY).
 - **Device status:** Whether the device is new or used (New/Used)
- h. Enter the required information in each column for each device.

	A	B	C	D	E	F	G
1	DEVICETYPE	DeviceIdType	MultipleSIMStatus	S/NofDevice	IMEI	DeviceLaunchdate	DeviceStatus
2	Handheld	IMEI	4	34562	999339988776608	22-05-2020	New
3	Handheld	IMEI	4	34562	999339988776609	22-05-2020	New
4	Handheld	IMEI	1	98126	999339988776610	22-05-2020	New
5	Handheld	IMEI	4	34562	999339988776611	22-05-2020	New
6	Handheld	IMEI	1	34523	999339988776612	22-05-2020	New
7	Handheld	IMEI	4	34562	999339988776613	22-05-2020	New
8	Handheld	IMEI	1	98126	999339988776614	22-05-2020	New
9	Handheld	IMEI	1	34523	999339988776615	22-05-2020	New
10	Handheld	IMEI	1	98126	999339988776616	22-05-2020	New

- i. After you enter the device details, save the file.
- j. Click **SELECT FILE** to upload the file with all the details.
4. Click **SUBMIT**. A unique transaction ID is assigned to the uploaded stock.

The uploaded stock appears on top of the **Stock Management** page.

The screenshot shows the 'Stock Management Custom' interface. At the top, there's a header bar with 'Assign Stock' button. Below it, a filter section contains fields for 'Creation Start Date', 'Creation End Date', 'Assigned To', 'TransactionID', 'File Name', 'Status', 'IMEI Quantity', and 'Device Quantity'. There are three buttons: 'FILTER', 'CLEAR ALL FILTERS', and 'EXPORT'. Below the filters is a table with the following data:

Created On	Assigned To	Transaction ID	File Name	Status	IMEI Quantity	Device Quantity	Action
2021-05-14 16:25	John wick	S20210514162514216	con_1_blk.csv	Rejected By System	1	1	[Icons]
2020-08-06 10:56	I Tech Sol	S20200806105653466	t.csv	Rejected by CEIR Admin	1	1	[Icons]

At the bottom, it says 'Showing 1 to 2 of 2 entries' and has 'Previous', '1', and 'Next' navigation buttons.

Figure 35: Stock Management

For each stock uploaded, the following columns are seen on the **Stock Management** page.

Column	Description
Created On	Date of uploading the stock in the system.
Assigned To	This is the name of the distributor/retailer to whom the stock is assigned.
Transaction ID	This is an automatically generated ID that helps in identifying and tracking stock.
File Name	Name of the stock file.
Stock Status	<p>The uploaded stock goes through different status modes.</p> <ul style="list-style-type: none">• New: When the stock is uploaded, its status is New.• Processing: The stock is processed and validated. The status changes to Processing.• Rejected by System If the stock does not have valid information, an error file is generated. The importer can view the file and fix the errors in the consignment.

Column	Description
	<ul style="list-style-type: none">• Approval Pending by CEIR Admin: The uploaded stock is available for review by the CEIR Admin.• Approved by CEIR Admin: The stock is approved by the CEIR Admin.• Rejected by CEIR Admin: The CEIR Admin reviews the details and rejects the stock if there is a problem.• Withdrawn by User: The user withdraws stock if there is any problem.• Withdrawn by CEIR Admin: The CEIR Admin can withdraw stock.
IMEI Quantity	This is the number of IMEIs in the stock.
Device Quantity	This is the number of devices in the stock.
Action	<p>This displays different actions that can be performed on the stock.</p> <ul style="list-style-type: none">• Error : This is seen when there is an error file generated because of invalid information. Click on it to view the error file.• Download : This is used to take a dump of the stock that is uploaded to the system.• View : This is used to view the stock details.• Edit : This is used to modify the stock details.• Delete : This is used to delete the uploaded stock.• History : This is used to view the transaction history of the stock.

2.10 Edit Stock

Custom can modify the assigned stock.

To edit stock:

1. Click **Edit** (✎) against the stock entry to be modified.

Figure 43: Exported Stock

Filtered stock can also be exported. To do this, filter stock based on specific filter values. Refer to *Filter Stock* for information and then export the filtered data.

2.14 Grievance Management

Customs can register complaints or grievances when there is a problem in the portal. For example, there could be situations when the registration feature is not working or there could be a problem in consignment approval.

When a custom raises a grievance, the grievance goes through the following stages:

1. A notification is sent to the CEIR Admin. The notification appears on the CEIR Admin portal. A mail is also sent to the registered mail of the CEIR Admin.
2. The CEIR Admin responds to the grievance. A response notification is sent to on the custom portal, and the custom's registered mail ID.
3. Steps 1 to 2 are repeated until the grievance is closed. The CEIR Admin closes the grievance.

There are situations when the grievance is automatically closed. A grievance is automatically closed when the status of the grievance changes to **Pending with User**, but there is no response from the importer for a specified period.

To raise a grievance

1. Select **Grievance Management** in the left panel.

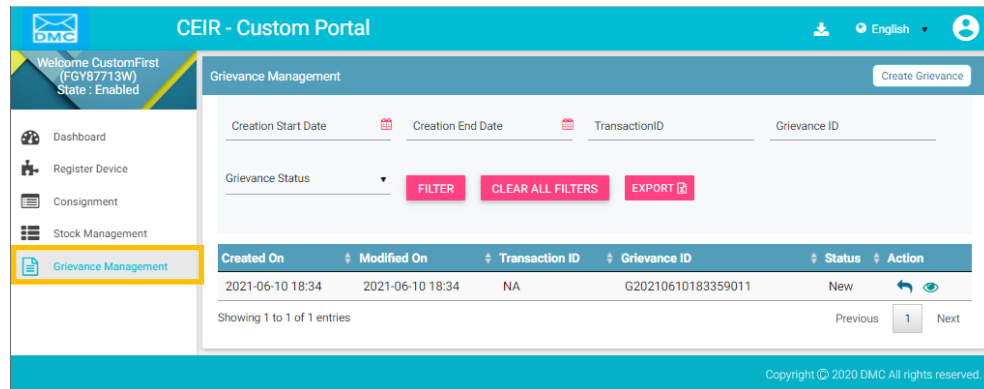

Figure 44: Grievance Page

2. The **Grievance Management** page appears. Click **Create Grievance**.

The **Create Grievance** page appears.

Figure 45: Create Grievance

3. Enter the following information:
 - a. **Transaction ID**: Enter the transaction ID of the consignment if the grievance is related to a consignment or the transaction ID of the stock if the grievance is related to stock.
 - b. ***Category**: Select the category of the grievance. The options are:
 - Consignment Related: Problem with registering consignment etc.
 - Register Device Related: Problem with register device feature

- Stock Related: Problem with uploading stock etc.
 - Other: Problem with any other aspect of the application
 - Registration Related: Problem with registering information in the application.
- c. ***Remarks:** Enter information about the grievance raised. This helps the Admin to understand the problem in detail.
- d. **Document Type:** Select the type of identification or another document that is to be uploaded. The options are:
- Passport
 - Visa
 - NID (National ID)
 - Photo
 - Other
- e. **Upload Supporting Document:** Click **Select File** to upload the document selected in **Document Type**.
- f. To upload more documents, click **+Add More Files**.

This adds two more fields: **Document Type** and **Select File**.

4. Click **SUBMIT**.

A grievance ID is generated and assigned to the registered grievance. The registered grievance appears on top of the dashboard.

Created On	Modified On	Transaction ID	Grievance ID	Status	Action
2021-06-10 18:34	2021-06-10 18:34	NA	G20210610183359011	New	

Figure 46: Grievance Management

For each grievance added, the following information is displayed on the page.

Column	Description
Created On	Date of raising a grievance.
Modified On	The date when the grievance was modified.
Transaction ID	The transaction ID of stock or consignment for which a grievance was raised.
Grievance ID	This is the ID that is automatically assigned to the grievance.
Grievance Status	<p>The uploaded grievance goes through different status modes.</p> <ul style="list-style-type: none">• New: When a grievance is raised.• Pending with CEIR Authority: When a response is awaited from the CEIR Admin.• Pending with User: When a response is awaited from the importer.• Closed: When the CEIR Admin closes the grievance.
Action	<p>This displays different actions that can be performed on a grievance.</p> <ul style="list-style-type: none">• Reply : This is used to respond to the grievance. The response is given by the CEIR Admin or importer. The exchange of responses is done until the grievance is closed.• View : This is used to view the grievance response history. The importer can see all the responses exchanged for any grievance.

2.15 Filter Grievances

The customs can view selective grievances depending on specific filter values. For example, the customs can view only those grievances that are pending with the CEIR Admin. Similarly, one can view only those grievances that are closed.

To filter grievances:

The screenshot shows the 'Grievance Management' interface. At the top, there's a header with 'Grievance Management' and a 'Create Grievance' button. Below the header, there's a filter section with fields for 'Creation Start Date', 'Creation End Date', 'TransactionID', and 'Grievance ID'. A 'Grievance Status' dropdown menu is also present. A yellow box highlights the 'FILTER' button, 'CLEAR ALL FILTERS' button, and 'EXPORT' button. Below the filter section, there's a table with columns: 'Created On', 'Modified On', 'Transaction ID', 'Grievance ID', 'Status', and 'Action'. The table contains one entry with the following data: '2021-06-10 18:34', '2021-06-10 18:34', 'NA', 'G20210610183359011', 'New', and an action icon. Below the table, it says 'Showing 1 to 1 of 1 entries' and has 'Previous', '1', and 'Next' navigation buttons.

Figure 47: Filter Grievances

1. Specify the required value in one or more of the fields listed:
 - **Start Date** and **End Date**: Period of raising grievances.
 - **Transaction ID**: This is the transaction ID of the stock or consignment.
 - **Grievance ID**: This is the ID assigned to the grievance.
 - **Grievance Status**: The status can be:
 - New
 - Pending with CEIR Admin
 - Pending with User
 - Closed

2. Click **Filter**.

The filtered grievances are shown on the page.

This screenshot is identical to the one in Figure 47, showing the 'Grievance Management' interface with the filter section and the table of grievances. The 'FILTER' button is highlighted with a yellow box.

Figure 48: Filtered Grievances

The user can clear all filters using the “**Clear All Filters**” button. This will reset all the filter values applied on the page and the data table will be refreshed.

2.16 Sorting Grievance

By default, all records displayed are sorted based on modified date. User can sort the records by clicking the arrow button on header in the table displayed.

On first click, the records are sorted in ascending order. When user clicks the arrow buttons again, records are sorted in descending order.

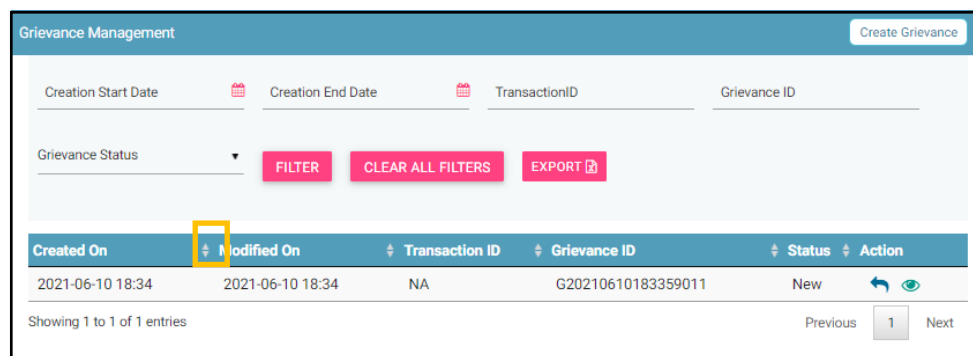

Figure 49: Grievance Management

2.17 Export Grievances

All the uploaded grievances can be downloaded in a .csv file. This is done using an export utility.

To export the grievances:

1. Click **Export** (seen on the top right corner of the **Grievance Management** page).

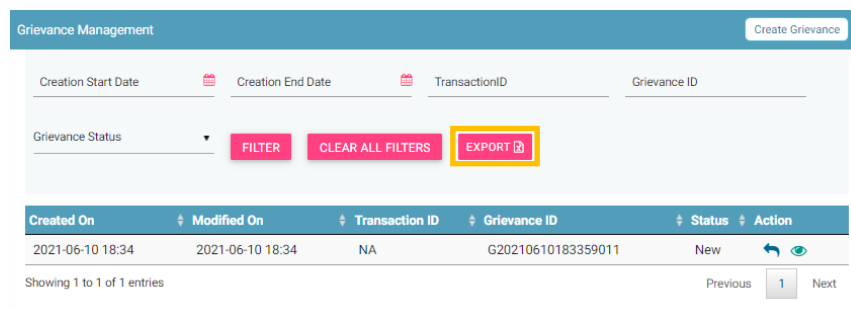

Figure 50: Grievance Management

The following page appears.

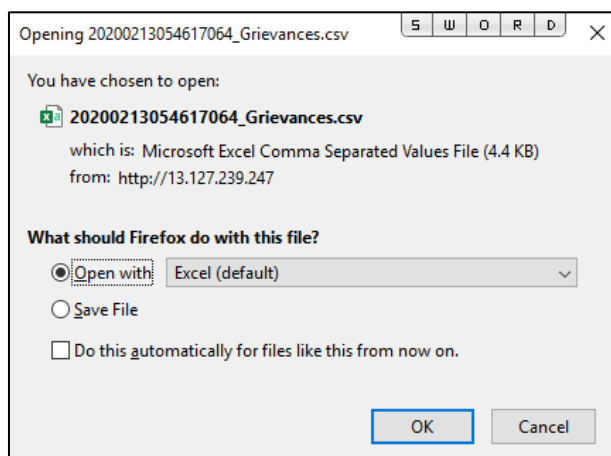

Figure 51: Open or Save Exported Grievance File

3. Click **Open with** to view the file.

	A	B	C	D	E	F	G
1	Created On	Modified On	Transaction ID	Grievance ID	Status	Remarks	File
2	10-06-2021 18:34	10-06-2021 18:34	NA	G20210610183359011	New	testing	

Figure 52: Exported Grievances

Instead of exporting all the grievances, custom can export filtered grievances. First, filter the grievance data based on specific filters (refer to *Filter Grievances*) and then export the filtered grievances using the export utility.

2.18 Registering Devices

The custom officials use the CEIR application to register devices that are brought into Cambodia by foreigners/local Cambodian users. The registered device is used to build a device database. The end user has to pay taxes on the devices as per the applicable CEIR policy

2.18.1 Registering Imported Devices

To register a device:

1. Select **Register Device** in the left panel of the home page.

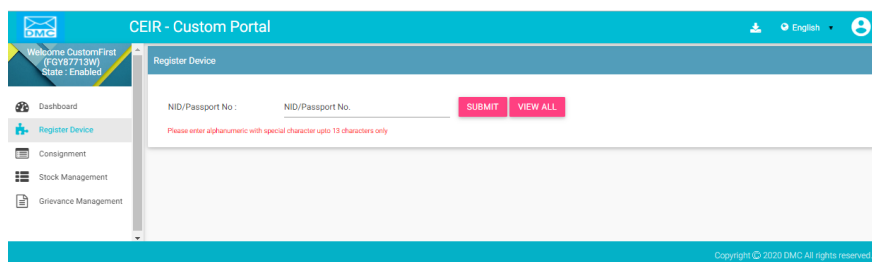

Figure 53: Register Device

2. Enter the NID passport number.
3. Click **Submit**.

If there are any existing registered devices that are associated with the passport number entered, the following page appears.

The screenshot shows the 'Register Device' page. At the top, there's a header bar with 'Register Device' on the left and 'Register Devices' on the right. Below this is a search and filter section with fields for 'Creation Start Date', 'Creation End Date', 'Passport Number', and 'TransactionID'. There are also dropdown menus for 'Nationality', 'Tax Paid Status', 'Origin', and 'Status'. Below these are buttons for 'FILTER', 'CLEAR ALL FILTERS', and 'EXPORT'. The main part of the page is a table with the following columns: 'Created On', 'NID/Passport No.', 'Transaction ID', 'Nationality', 'Tax Paid Status', 'Origin', 'Status', and 'Action'. The table contains one entry: '2021-06-11 06:39', 'QWQWQWQWQWQWQ', 'R20210611063905265', 'Cambodian', 'Tax Not Paid', 'Custom', 'Pending Approval From CEIR Admin'. At the bottom, it says 'Showing 1 to 1 of 1 entries' and has 'Previous', '1', and 'Next' navigation links.

Figure 54: Register Device

4. Click on **Register Device** on the top right of the form. Following form appears.

The screenshot shows the 'Add Device Information' form. It has a header bar with 'Add Device Information'. Below this is a section titled 'Device Information'. It contains several fields: 'Device Type' (a dropdown menu), 'Device ID Type*' (a dropdown menu), 'No. of SIM slot*' (a dropdown menu), 'Country bought From' (a dropdown menu), 'Country' (a dropdown menu), 'Tax Paid Status*' (a dropdown menu), 'Device Serial Number', 'Device Status*' (a dropdown menu), 'Select Device Status' (a dropdown menu), and 'Price'. There is also a section titled 'Other Information' with a text area. At the bottom, it says 'Required Field are marked with *' and has 'SUBMIT' and 'CANCEL' buttons.

Figure 55: Register Device

5. Enter the following information:
 - **Device Type:** Select the type of device:
 - Mobile Phone
 - Feature Phone
 - ***Device ID Type:** Select the type of ID of the device that would be entered for identification:

- IMEI
- ***No. of SIM slot:** Number of multiple SIMs the device supports (1-4)
- **Country bought from:** Select the country from where the device was bought.
- **Device Serial Number:** Enter the serial number of the device.
- ***Tax Paid Status:** Select the tax paid status
- **Price:** Price of the device
- ***Device Status:** Select the status of the device:
 - New
 - Old
- ***IMEI:** Enter the ID value(s). A maximum of 4 ID values can be entered.
- Click **Submit**.

A unique transaction ID is generated, and the request is processed internally. The registration request appears on top of the page.

2.19 Collecting Tax for Registered Devices

Custom official is responsible for collecting Tax for the devices registered in CEIR system through either Custom portal / Immigration Portal/ End User Portal.

When Tax is due for a registered device, the Tax Paid Status has a value "Tax Not Paid" and pay tax icon is highlighted in blue color (). After payment of Tax, the Tax Paid Status is updated to "Tax Paid" and the pay tax icon turns grey ().

To collect tax for the device registered:

1. Click **Pay Tax** () against the register device request. The following form opens up.

Pay Tax Information

Do you confirm that tax has been paid?

YES NO

Figure 59: Pay Tax for registered devices

2. Click 'Yes' to confirm.

2.20 Filtering Register Device Requests

Custom officials can view selective device requests after specifying the required filters. For example, they can view requests that are pending approval from the CEIR Admin.

To filter device requests:

Register Device Register Devices

Creation Start Date Creation End Date Passport Number TransactionID

Nationality Tax Paid Status Origin Status

FILTER **CLEAR ALL FILTERS** **EXPORT**

Created On	NID/Passport No.	Transaction ID	Nationality	Tax Paid Status	Origin	Status	Action
2021-06-11 06:46	QWQWQWQWQWQWQ	R20210611064641508	Cambodian	Tax Not Paid	Custom	Pending Approval From CEIR Admin	
2021-06-11 06:39	QWQWQWQWQWQWQ	R20210611063905265	Cambodian	Tax Not Paid	Custom	Pending Approval From CEIR Admin	

Showing 1 to 2 of 2 entries Previous 1 Next

Figure 60: Filter Device Requests

3. Enter data in one or more of the listed fields:
 - **Start Date** and **End Date**: This refers to the period of registering devices.
 - **Transaction ID**: Each request is assigned a unique transaction ID.
 - **Status**: Status of the request.
 - **Tax Paid Status**: Whether tax has been paid for the device.
4. Click **FILTER**.

The requests that match the filter values are shown in the dashboard.

The user can clear all filters using the “**Clear All Filters**” button. This will reset all the filter values applied on the page and the data table will be refreshed.

2.21 Sorting Register Device Requests

By default, all records displayed are sorted based on modified date. User can sort the records by clicking the arrow button on header in the table displayed.

On first click, the records are sorted in ascending order. When user clicks the arrow buttons again, records are sorted in descending order.

The screenshot shows the 'Register Device' page. At the top, there are filter fields for 'Creation Start Date', 'Creation End Date', 'Passport Number', and 'TransactionID'. Below these are dropdown menus for 'Nationality', 'Tax Paid Status', 'Origin', and 'Status'. There are three buttons: 'FILTER', 'CLEAR ALL FILTERS', and 'EXPORT'. Below the filters is a table with the following columns: 'Created On', 'NID/Passport No.', 'Transaction ID', 'Nationality', 'Tax Paid Status', 'Origin', 'Status', and 'Action'. The table contains two entries. The 'Nationality' column in the first row is highlighted with a yellow box. At the bottom, there is a pagination bar showing 'Showing 1 to 2 of 2 entries' and 'Previous', '1', 'Next' buttons.

Figure 61: Register Device

2.22 Exporting Register Device Requests

Custom officials can download all the uploaded requests in a **.csv** file. This is done using an export utility.

To export the uploaded requests:

3. On the **Register Device** page, click **Export**.

This screenshot is similar to Figure 61, but the 'EXPORT' button is highlighted with a yellow box. The table content is the same as in Figure 61.

Created On	NID/Passport No.	Transaction ID	Nationality	Tax Paid Status	Origin	Status	Action
2021-06-11 06:46	QWQWQWQWQWQWQ	R20210611064641508	Cambodian	Tax Not Paid	Custom	Pending Approval From CEIR Admin
